**Padma Resort Bali at Legian Supports the Recycling of Used Beverage Cartons in Bali**

Legian, Bali – 8 June 2010 - Committed to responsible waste disposal, Padma Resort Bali at Legian was recently awarded a certificate of recognition for its ongoing participation in a locally based recycling initiative.

The certificate was presented by EcoBali together with packaging producer Tetra Pak Indonesia. The pair joined forces to establish an environmental awareness programme on the island of Bali focusing primarily on sustainable

solutions to waste management. This project has been operational for several years and is endorsed by the Bali Hotel Association (please click [www.padmaresortbali.com/images/ecofriendlycertificate.jpg](http://www.padmaresortbali.com/images/ecofriendlycertificate.jpg) to download the image).

Post consumer beverage cartons can now be recycled in Indonesia. Therefore, Padma staff members have been trained to identify items that are suitable for recycling. Waste matter throughout the Resort is collected and sorted accordingly with cartons being placed into specially marked bags. Padma works in conjunction with a local waste recovery facility to ensure that the cartons are sent to a recycling plant in Java.

This certificate acknowledges that Padma Resort Bali at Legian has proudly recycled all compatible beverage cartons for the past two years. Participating in this recycling programme is just one of many activities carried out by the Resort to minimise its impact on the environment
